Filed: June 5, 2001

Art Unit: 1644

For: T CELL RECEPTOR FUSIONS AND  
CONJUGATES AND METHODS OF USE  
THEREOF

Examiner: R. B. Schwadron

**RESPONSE TO RESTRICTION REQUIREMENT**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir/Madam:

In response to the restriction requirement set forth in the Office Action mailed December 8, 2009, Applicant hereby provisionally elects claims 81, 82, 85, 85, 102, 124, and 147-153 for continued examination. Claims 154-156 are withdrawn at this time.

The Examiner has required restriction between claims directed to a TCR portion comprising a variable  $\alpha$  and  $\beta$  chain or a construct of claim 154-156 that comprises the variable  $\alpha$  and  $\beta$  chain of claim 81 and further comprises a constant  $\beta$  chain.

The Office Action asserts that restriction is proper as the species would require a different field of search. Applicant respectfully disagrees and traverses the requirement for restriction. Although the groups of claims are patentably distinct, claim 81 is generic to claims 154-156. Upon indication that claim 81 is allowable, Applicant will request rejoinder of claims 154-156.

It is believed that there is no fee due with this response. However, if a fee is due, with this paper or any other paper filed by this firm in relation to this application, the Commissioner is hereby authorized to charge Deposit Account No. 04-1105 referencing Docket No. 49890(48340). Refund of any overpayment is respectfully requested.

Respectfully submitted,

Dated: January 7, 2010
